Dear Mr. Welch:

The Environmental Protection Division appreciates your willingness to enter into proposed Consent Order No. EPD-AQC-7039.

Since this proposed order falls into the category of orders which must be public noticed prior to execution, EPD today issued public notice on the proposed order. The notice appears on EPD's website at <https://enfo.gaepd.org/> and is mailed to those persons who have requested such notices.

The notice period is scheduled to expire in thirty days. We will review all comments received and will either (1) execute the order exactly as proposed; or (2) contact you if we believe the order needs revisions. Of course, since this is proposed as a consent order, we cannot make revisions to the order without your prior consent.

If you have any questions about the public notice process, please contact me at (404) 651-7807.

Sincerely,

A handwritten signature in black ink that reads "James Cooley". The signature is written in a cursive, slightly slanted style.

James Cooley
Director of District Operations
